ACIP HPV Vaccines Work Group next steps

- **Number of doses in the recommended HPV vaccination series:**
 - Started GRADE process, planning full Evidence to Recommendations (EtR) framework
 - February 2025 ACIP meeting: plan to share additional data from trials/studies, modeling, and partial EtR
- **Wording of the age for routine HPV vaccination:**
 - Reviewed related literature
 - Not using GRADE, planning modified EtR
 - February 2025 ACIP meeting: plan to share partial EtR
- **Plan for ACIP vote: both issues at the same meeting (not February 2025)**
