CORRECTION TO "METRO" VARIABLE IN NSFG CYCLE 6

We have discovered an error in the labels of one variable in the NSFG Cycle 6 public use files. The error is in codes 1 and 2 of the recoded variable "METRO."
Code 1 is labeled "MSA, Central City" but should be labeled "MSA – Other".
Code 2 is labeled "MSA, Other" but should be labeled "MSA, Central City".
To correct this problem, users simply need to reverse the labels on codes "1" and "2" on the female and male data files.

The correct labeling for the METRO recode, with numbers and percents are as follows:

FEMALES:
```
         METRO      Frequency     Percent
ƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒ
1: MSA,Other           3610        47.23
2: MSA,Central City     2891        37.83
3: Not MSA              1142        14.94
```

MALES:
```
         METRO      Frequency     Percent
ƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒ
1: MSA,Other           2290        46.47
2: MSA,Central City     1893        38.41
3: Not MSA               745        15.12
```

The documentation currently, and incorrectly, shows the following:

FEMALES:
```
         METRO      Frequency     Percent
ƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒ
1: MSA,Central City     3610        47.23
2: MSA,Other           2891        37.83
3: Not MSA              1142        14.94
```

MALES:
```
         METRO      Frequency     Percent
ƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒƒ
1: MSA,Central City     2290        46.47
2: MSA,Other           1893        38.41
3: Not MSA               745        15.12
```

Please correct your documentation.
