

Gifts from CDC Foundation to CDC FY 2020

October 1, 2019 to September 30, 2020

Project Title	Donor	Gift Amount
Preventing Older Adult Falls and Fall Injuries	Amgen	\$31,400.00
Analysis of Immunogenicity and Shedding of New Oral Poliovirus Vaccines in Human Clinical Trials	Bill and Melinda Gates Foundation	\$2,301,380.00
Biomarker Discovery Through Serum Epitope Repertoire Analysis (SERA), Phase 2	Bill and Melinda Gates Foundation	\$125,500.00
Evaluating the Scale-up of Tuberculosis Preventive Treatment	Bill and Melinda Gates Foundation	\$3,129,950.27
Advancing Linkages of Health Care and Social Determinants of Health Data	Dorothy Rider Pool Health CareTrust	\$517,241.00
Testing Transgenic Malaria Vectors for Malaria Control	Imperial College of London	\$10,000.00
The Antenatal and Postnatal Care Research Collaborative (ARC): Antenatal, Intrapartum and Postnatal Care: A Prospective, Longitudinal Study of Maternal and Newborn Health	Bill and Melinda Gates Foundation	\$780,398.00
Updating the CDC Healthy Days Monograph	Humana	\$214,352.85
Strengthening the Surveillance System for the Elimination of Cholera in Haiti	WHO	\$505,000.00
Systematic Development of Antiretroviral Pod-Intravaginal Rings for HIV Prevention	Oak Crest Institute of Science (OCIS)	\$22,080.00
Monitoring Health Outcomes of Assisted Reproductive Technology	Silicon Valley Community Foundation through Open Philanthropy	\$11,000.00
Technical Assistance to the WHO Global Pediatric Diarrhea Surveillance	WHO	\$150,000.00
Gavi Partnership Engagement Framework (PEF) 2020 Schedule A & B (CGH)	Gavi, The Vaccine Alliance	\$1,631,334.56
Gavi Partnership Engagement Framework (PEF) 2020 (NCIRD_DBD)	Gavi, The Vaccine Alliance	\$1,100,000.00
Gavi Partnership Engagement Framework (PEF) 2020	Gavi, The Vaccine Alliance	\$750,000.00
Consolidating TB analytics and evidence tools to facilitate data access and increase data use in TB programmatic planning	Bill and Melinda Gates Foundation	\$616,679.00

Gifts from CDC Foundation to CDC FY 2020

October 1, 2019 to September 30, 2020

PCO: Emory-CDC Clinical Trials Unit (CTU) for HIV/AIDS Research Addendum: Emory-CDC Clinical Trials Unit (CTU) for HIV/AIDS Research (Year 7)	Emory University	\$506,492.00
Evaluating and improving water, sanitation and hygiene and associated impacts in institutions and communities in low income settings	World Vision	\$10,000.00
500 Cities and Beyond – Health Data for Action for All Local Areas Project	Robert Wood Johnson Foundation	\$960,098.00
HEAR HER: A CDC Communication Campaign Addressing Maternal Mortality	Merck for Mothers	\$12,000.00
Integrating genomic data into malaria surveillance & decision-making strategy	Harvard T.H. Chan School of Public Health	\$174,332.13
Rapid Diagnostic Test (RDT) Evaluation, Quality Assurance and Specimen Standards Bank for Malaria (Phase 2020-2025)	World Health Organization (WHO)	\$250,000.00
Per- and Polyfluoroalkyl Substances (PFAS) Firefighter Exposure and Toxicity	University of Arizona	\$127,616.17
Establishing decentralized global genomic surveillance for the pneumococcus - Global Pneumococcal Sequencing (GPS) 2.0	Wellcome Sanger Institute	\$90,000.00
Evaluation of Immune Response following Outbreak Response Campaign using Fractional Dose of Yellow Fever Vaccine in the Democratic Republic of Congo – follow-up 3 years post-vaccination	Gavi Alliance	\$78,215.00
Global Fungal Opportunistic Infection (OI) Screening Initiative	Pfizer	\$50,000.00
Respiratory Syncytial Virus (RSV) Genomic Surveillance leveraging the World Health Organization (WHO) Global Influenza Surveillance and Response System (GISRS)	Bill and Melinda Gates Foundation	\$1,794,867.00
Ensuring a Robust Pipeline of Antibiotic Use Data Addendum Project (Pew Charitable Trusts	\$95,045.91
Carriage Study for Pneumococcal Conjugate Vaccine (PCV) schedule change in Burkina Faso	Bill and Melinda Gates Foundation	\$77,500.00

Gifts from CDC Foundation to CDC FY 2020

October 1, 2019 to September 30, 2020

Integrated Serosurveillance Using Stored Samples from Nigeria AIDS Indicator and Impact Survey	Bill and Melinda Gates Foundation	\$189,000.00
Reducing Maternal Mortality in Tanzania	Bloomberg Philanthropies	\$124,335.00
Application of Cleaning Verification Procedures to Establish Contamination Control Best Practices for Fire Fighter Personal Protective Equipment (PPE) and Related Equipment	Fire Protection Research Foundation (via a FEMA grant)	\$289,931.00
Using the WHO's Benchmarks for International Health Regulations and Joint External Evaluation results to identify, implement, and track activities to build health security.	Vital Strategies (Resolve to Save Lives Initiative)	\$2,400,000.00
PCO: Establishment of Group B Streptococcal immunologic endpoints reasonably likely to predict clinical benefit against invasive disease among young infants: a US case-control study Addendum Project Title: Assay Standardization Project: To provide standard reference serum, conjugated polysaccharide, and standard operating procedures for a multiplex binding assay to detect IgG antibodies to Group B Streptococcus.	St. George's University of London	\$95,652.00
Pregnancy Identification, Outcome and Death Surveillance in Humanitarian Settings	Bill and Melinda Gates Foundation	\$6,000,000.00
Labs for Life (L4L) and Infection Prevention and Control (IPC) Partnerships for HIV Epidemic Control	Becton Dickinson and Company	\$250,000.00
